

The Enterprise-Recorder.

VOL VIII-NO. 5

MADISON, FLA., THURSDAY, OCTOBER 1, 1908.

\$1 A YEAR

To Patrons of F. N. I.

The reports for the first month have just been sent you by your children. Please examine, sign and return.

Note the scale of time for study and confer with the teacher of the pupil who departs very much either way from the time given for the various grades.

As a whole your children are doing excellent work. Many of you are co-operating with us in securing regular and punctual attendance and preparations of lessons. We beg of you to become careless in these matters at no time, but look after the matter daily and help us to accomplish the most possible for your child.

We regret that several of our boys are prevented from doing the best possible work on account of the use of tobacco in different forms. It is a proven fact that no pupil or growing person needs the weed in any form. Help us to influence your boys to not form this useless and harmful habit.

Yours truly,
W. B. CATE.

For Chronic Diarrhoea.

"While in the army in 1863 I was taken with chronic diarrhoea," says Geo. M. Felton of South Gibson, Pa. "I have since tried many remedies but without any permanent relief, until Mr. A. W. Miles, of this place, persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, one bottle of which stopped it at once." For sale by W. B. Davis and D. G. Smith.

The Naval Stores Marketing Company has been formed to fight the trusts. T. A. Jennings is at the head.

Letter to T. W. Dale.

Dear Sir: Mrs. S. C. Ashe's house in Yorkville, S. C., was painted Devco 21 years ago and hadn't been painted since; it is a handsome house and the paint was in good condition when we were there three years ago.

Do we therefore say that Devco wears 21 years in South Carolina? No; on the sunny coast, where the sun is hot and the flying sand cuts the bark off trees, Devco is the only paint that wears more than one year.

Localities differ; Devco doesn't differ. It is the paint that takes least gallons to cover a job and makes least cost and wears longest; how long depends on sun and wind and etc.

Yours truly,
F. W. DEVOE & Co.
P. S. D. G. Smith sells our paint.

Overstreet's Big Sale.

In this issue appears Mr. W. S. Overstreet's page advertisement setting forth the many bargains that await customers trading during the sale. Yesterday was the Opening Day, the store was well patronized, the crowds were there all day and people were seen here from all sections of the county. The fact that the goods were being sold at the advertised prices made every person who attended the sale yesterday a satisfied customer who upon leaving promised to call again during the sale. The sale is to continue 10 days in all and the prices will be the same as quoted in this issue. There are 9 more days in which to attend this sale.

St. Augustine is building a new school building to be ready by the fall term of 1909. It will cost more than \$50,000.

Cold Weather Advice

to all is to beware of coughs and colds on the chest; as neglected they readily lead to pneumonia, consumption or other pulmonary troubles. Just as soon as the cough appears treat it with Ballard's Horehound Syrup the standard cure of America. Use as directed—perfectly harmless. A cure and preventive for all diseases of the lungs. Price 25c, 50c, and \$1.00 per bottle. For sale by W. B. Davis.

All of the trains on the Seaboard railroad stopped for two minutes at 3 o'clock last Saturday in respect for Capt. Maxwell.

Slightly Colder With Snow.

When you see that kind of a weather forecast you know that rheumatism weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. 25c, 50c and \$1.00 a bottle. For sale by W. B. Davis.

Gasoline street cars are now billed for Miami and the old electric street railway's tracks will be put in good order.

Where Bullets Flew.

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well." 50c. at all druggists.

RUN-OVER LOCALS

The Weather.

For the week ending Sunday, Sept. 27.

TEMPERATURE:

Mean maximum,.....85°
Mean minimum,.....69°
Highest, W'day.....88°
Lowest, Sunday,.....66°

RAINFALL:

Wednesday, .02; Thursday, .02; Friday, .03; Saturday, .28. Total: .35 inch.

S. Alex Smith has returned from his trip in Georgia.

Mrs. S. A. Hineley is spending the week with her parents, Capt. and Mrs. Theo. Randell, at Sampala.

Col. and Mrs. C. B. Ashley are at home again, having arrived Monday. They enjoyed a very delightful two weeks visit to New York.

Attention is specially called to the "Guide Post" ad. of the First National Bank which appears on this page. A careful reading of same may pay you.

There will be no services at the Rocky Spring church next Sunday, Pastor Fletcher having called in the appointment on account of the Hanson camp-meeting.

Prof. W. J. Maloy left Tuesday for Atlanta to resume his studies in the Atlanta College of Pharmacy. He expects to return here for the Christmas holidays.

Ice Cream fresh every day at D. G. Smith's.

J. B. Thomas spent a few days in Jacksonville last week and visited Mayport and enjoyed the splendid sea fishing of that favored spot. He shipped a barrel of the sea bass to Dr. George Davis to prove to his friends here his skill as a fisherman.

Wood's Liver Medicine in liquid form for malaria, chills and fever, regulates the liver, kidneys and bladder, brings quick relief to biliousness, sick headache, constipation. Pleasant to take. The \$1.00 bottle contains 2 1/2 times quantity of the 50c size. First dose brings relief. Sold by B. F. Moseley.

The Woman's Home Mission Society of the Methodist church will meet at the residence of Mrs. Dr. Yates next Tuesday afternoon. There are matters of importance to be transacted and it is earnestly requested that all members of the society be present at time and place stated.

Dr. E. H. Armstrong, the Jacksonville eye specialist, is meeting with splendid success on his professional visits to Madison. Those in need of scientific service or are subject to nervous headaches should see him, as he overcomes all these troubles. His next visit will be on Wednesday, Oct. 7th, one day only. Office at Merchants hotel.

Mr. and Mrs. Charlie Morrow are busily engaged in getting their beautiful new concrete home in shape and will move into it during the week. This is one of the most modern of Madison's beautiful homes, being equipped with all modern conveniences and most conveniently arranged in every detail. Contractor S. D. Morrow has certainly performed a most creditable piece of work.

The Southern Tobacco Journal of this week had an article from Madison county telling of the experimental crop of tobacco grown there this season. The writer knew the art of setting forth the advantages of his section all right, and it will prove a good advertisement for Madison. It appears from the account that the Madison crops averaged 1,400 pounds to the acre.—Havana News.

The enrollment for the first month of our school last year was 225. This year it went to 255 the first month. This is considerable increase and proves to us that steps should be taken at once towards securing more room. We are informed that the building was taxed last year to care for the pupils in attendance. If the rolls continue to increase this year as they started more room will be needed. Prof. Cate tells us that the prospects are exceedingly bright for a larger crowd in the spring than ever before. Madison now has a school which is the envy of many of her sister towns and she should do everything in her power to furnish the necessary buildings and equipment that the institution may continue to grow and prosper.

\$400 Piano given away free. See Taylor.

The tent meeting conducted by Rev. Sam J. White, the Evangelist of the Christian church, came to an end Monday night. Rev. Mr. White is very popular with our people and is an unusually eloquent and forceful preacher. His visits are greatly enjoyed by all of the people and it is hoped that he will come again to us before a great while. He left Tuesday for New Orleans where he will attend the convention of his church.

A BANQUET

spread before you would do you no good if you couldn't eat. What good can food do a child when as soon as it enters its stomach it is eaten by worms. That's the reason your baby is ailing, cross, pesty faced and thin. Give it White's Cream Vermifuge. It will expel the worms and set as a tonic for the child. For sale by W. B. Davis.

The members of the Alachua County Farmer's Union have decided to store their cotton and hold it for better prices.

Why Colds are Dangerous

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by W. B. Davis and D. G. Smith.

Work has been resumed on the Key West extension. The railroad officials say trains will be running to Key West within fourteen months.

Notice.

No hunting, fishing or other trespassing upon any of my lands in Madison county, Fla. Trespassers will be prosecuted to the full extent of the law.
R. S. McINTYRE

Convention.

The International Missionary Convention of the churches of Christ will meet in New Orleans October 9-15, 1908. This is an annual gathering and there is expected to be present not less than five thousand delegates. There will be representatives from all the mission stations in the world supported by this church. There will be exceedingly low rates from all points in the United States. Anyone wishing to go to New Orleans can take advantage of these rates. From Madison it will cost sixteen or seventeen dollars. The rates have not yet been received for this place. Tickets will be on sale October 7, 8, 9, returning October 24 with extension limit November 8.

SAM J. WHITE.

Playing.

To most people who have had a real childhood, not cramped by overwork, physical or mental, or starved by selfishness or filled with an intellectuality beyond their years, "Alice's Adventures in Wonderland" is not far ahead, the children of Kenneth Grahame's "Golden Age" are real people, and "Peter Pan" is more than a delightful play. Lewis Carroll and Mr. Grahame and Mr. Barrie have all told the truth, because with real children things are always being "made believe" just a little different from what they actually are. Play an hour in a fig tree where your roof is made by broad leaves and where wide branches make your floor, your successive stories, your easy stairways; playing ship on a sofa or in an invalid's chair; playing street cars with chairs for horses and quarreling as to which child should be conductor and which driver—that was before the days of electricity; playing that you are a horse eating hay in your stall, "a real horse, you know," as a child said to me last summer; playing wild animals in the most gruesome places until you are paralyzed with terror and afraid of yourself in the dark; "making believe" in every instance that you are grown up or different from what you really are—that is a wonderfully rich life.—Louisa McCrady in Atlantic.

Hardened.

"Listen to this, Maria," said Mr. Stubb as he unfolded his scientific paper. "This article states that in some of the old Roman prisons that have been unearthed they found the petrified remains of the prisoners." "Gracious, John!" replied Mrs. Stubb, with a smile. "I suppose you would call them hardened criminals."

THE GUIDE POST

THE Largest Bank in Madison County—the Old Test Bank in Madison County—are two Guide Posts that should direct the man or woman looking for a strong Bank. Thirteen years of safe and conservative banking through good times and hard times is our record. During the recent panic (conceded to be the worst one in the history of the country) this Bank issued no Clearing House Certificates, restricted no payments of money, nor did it require the 60 days notice of withdrawal of money in the Savings Department in any instance, but paid out hard cash in each case, a record to be proud of.

We invite your account. Deposits made in our Savings Department up to the 5th of any month draw 4 per cent. interest from the first.

FIRST NATIONAL BANK
MADISON, FLORIDA

Dorothy Dodd BENCH-MADE BOOTS

Are you one of the ladies who has never tried on a "Dorothy Dodd" Shoe? You really should do it at once, just to appreciate your feet. Never will you realize the beauty that is possible with

\$3.00
\$3.50
\$4.00

entire comfort until you draw on the "Dorothy Dodd" Shoe. It is as easy as a glove, yet it retains its shape. It costs nothing to see your feet in these stylish shoes. Let us show them to you at least. They're all moderately priced.
